

March Report from Claude Moraes MEP

Report and Newsletter from Claude Moraes MEP, Labour Member of the European Parliament for London

Dear Friends

Please find below my report to you for March 2010.

In parliament in March, I was involved one of the key votes in the Strasbourg session, on allowing non-EU nationals with long-stay visas to travel without obtaining a Schengen visa. MEPs demanded transparency from the member states on the Anti-Counterfeiting Trade Agreement. Parliament also voted on the controversial Goldstone Report on the Israeli-Gaza 2009 conflict.
